

# BETTER YIELD IS THE BETTER DEAL

Better Yield is the Better Deal™ (BYBD) means choosing products that outperform and deliver more bushels and higher return on investment (ROI) potential will be more profitable.

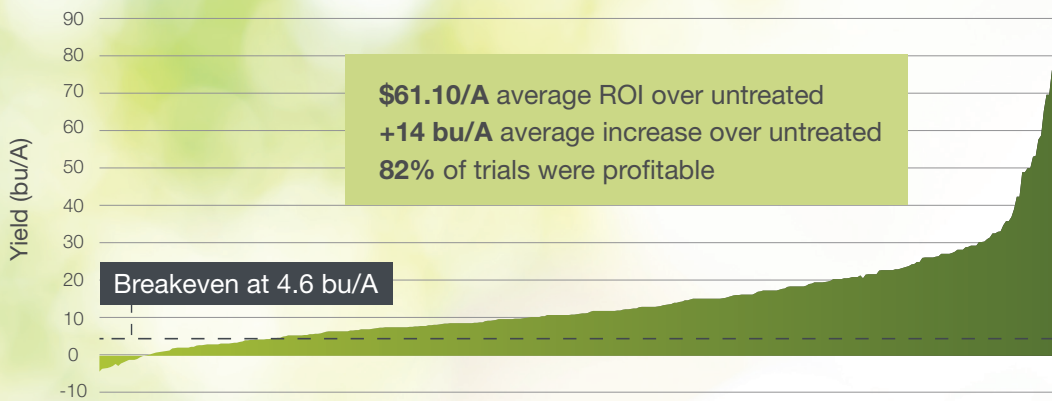

Valuing bushels and ROI potential over rebates, bundles and “deals” doesn’t limit your crop protection options, allowing you to unlock your full crop potential with products that are the right fit for your fields’ needs.

## THE HARDEST-WORKING, LONGEST-LASTING FUNGICIDE

Under high or low disease pressure, Trivapro® fungicide works overtime to protect your corn and help maximize yield potential.

### Trivapro Performance Over Untreated

See trial info below\*

## NEED MORE INFORMATION?

Talk to your local Syngenta retailer or sales representative to learn more about how Trivapro can help unlock your corn’s yield potential. Or visit [NotAfraidToWork.com](http://NotAfraidToWork.com) or [Syngenta-US.com/BetterYield/](http://Syngenta-US.com/BetterYield/).

\*Yield results based on 368 non-replicated strip trials in AR, IA, IL, IN, KS, MN, MO, NE, SD and WI from 2016 – 2020. Application rates and timing: 13.7 fl oz/A Trivapro applied at VT to R1 corn. ROI calculation based on commodity price of \$6.50/bu corn and application + product cost of \$30/acre.
